Protective jaws

3 pairs of smooth plastic protective jaws for the KNIPEX Cobra® 87 XX 180/250/300, updated models

- ▶ Ideal for protecting round workpieces from marring or scratching
- > The protective jaws prevent damage by covering all of the teeth on the tool
- > Easily and reliably fitted to the gripping jaws and firmly holds in place
- > Smooth gripping surfaces (no teeth)
- > Set consists of 3 pairs of plastic protective jaws

You can identify the updated models i.a. by the curved adjustment area.
